Via e-mail to: ulstersupervisor@townofulster.ny.gov

Dear Supervisor Quigley:

Central Hudson Gas & Electric Corporation (“CHG&E”) acknowledges that Alcazar ESS, LLC has informed CHG&E that it intends to submit an application to the Town of Ulster for site plan approval and a special use permit for the proposed Alcazar Energy Storage Project located at 430 Hurley Avenue, Town of Ulster, New York.

The application materials may depict a potential electric interconnection tie-line that would traverse a portion of property owned by CHG&E prior to interconnecting with CHG&E’s substation.

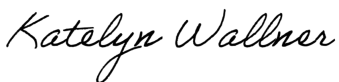

This acknowledgment is provided solely for the purpose of satisfying the Town of Ulster’s application requirements. Nothing herein shall be construed as:

- (i) CHG&E’s approval of the project,
- (ii) approval of the location, routing, design, or construction of any facilities,
- (iii) consent to the use of CHG&E property, or
- (iv) a waiver of any rights, approvals, licenses, easements, or agreements that CHG&E may require.

Any use of CHG&E property remains subject to CHG&E’s separate review processes and the execution of mutually acceptable written agreements.

Please advise if you have any questions.

Thank you,

Katelyn Wallner
Supervisor – Real Property Services
