## Full Environmental Assessment Form Part 1 - Project and Setting

## **Instructions for Completing Part 1**

Part 1 is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either "Yes" or "No". If the answer to the initial question is "Yes", complete the sub-questions that follow. If the answer to the initial question is "No", proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the applicant or project sponsor to verify that the information contained in Part 1 is accurate and complete.

## A. Project and Applicant/Sponsor Information.

| Name of Action or Project:   |                                   |                                      |
|--|-----------------------------------|--------------------------------------|
| i.Park 87 East Campus  |                                   |                                      |
| Project Location (describe, and attach a general location map):  |                                   |                                      |
| Enterprise Drive located in the Town of Ulster, Ulster County as shown on the attach   | ed location map                   |                                      |
| Brief Description of Proposed Action (include purpose or need):  |                                   |                                      |
| Mixed-use redevelopment of 128.47-acre former Tech City East Campus site, includi 743,000 sq ft of existing buildings, new construction of 626,395 sq ft of industrial/war Approximately 4,257 parking spaces will be located throughout the East Campus, bo | ehouse buildings, hotel, mobility | hub, retail with supporting parking. |
|  |                                   |                                      |
